STANDARD TENDER DOCUMENT

Standard Tender Evaluation Format
Selection of Consultants

Public Procurement Authority
Accra, Ghana

April, 2014
Preface

Procurement under projects financed from the Public Funds of the Republic of Ghana, is carried out in accordance with the procedures laid down in the Public Procurement Act 2003, Act 663,

This Standard Tender Evaluation Format for Selection of Consultants has been prepared for use by Procurement Entities in the application of the evaluation criteria in the Request for Proposal process. The procedures and practices they convey have been developed in conformity with the Public Procurement Act 2003, Act 663, particularly PART V, Sub-Part III - Evaluation and Comparison of Tenders and PART VI - Methods and Procedures to Engage the Services of Consultants Sections 66 - 77, as well as exposure to broad international experience and best practices.

The document sets out the format of a sample evaluation report. It is mandatory for Procurement Entities to use this document in order to facilitate the evaluation of Consultants’ proposals and the subsequent review of these proposals by the relevant Entity Tender Committee. The evaluation must be in accordance with the criteria spelled out in the Request for Proposals: Selection of Consultants and carried out by qualified evaluators. The Request for Proposals should be prepared in agreement with the provisions of the Public Procurement Act 2003, Act 663. The Technical Evaluation Report should be endorsed by the Entity Tender Committee before the Financial Proposals are opened.

Upon notification of contract award to the successful Consultant by the procurement Entity, and in accordance with the Public Procurement Act 2003, Act 663, the Public Procurement Authority is authorized to publish a description of the contract, the name and nationality of the contract awardee, and the contract price in the Public Procurement Bulletin and website.

The evaluation report includes five sections:  
Section I. A Short Report Summarizing the Findings of the Technical Evaluation;  
Section II. Technical Evaluation Report-Forms;  
Section III. A Short Report Summarizing the Findings of the Financial Evaluation;  
Section IV. Financial Evaluation Report-Forms;  
Section V. Annexes:  
   Annex I. Individual Evaluations;  
   Annex II. Information Data Monitoring;  
   Annex III. Minutes of the Public Opening of the Financial Proposals;  
   Annex IV. Copy of the Request for Proposals;
Annex V. Miscellaneous Annexes-Ad Hoc.

The report can be used for all methods of selection described in the Public Procurement Act 2003. Though it mainly addresses Quality- and Cost-Based Selection, each section contains a note indicating the data and forms that are to be provided for the other methods of selection.

For complex, specialized assignments, Procurement Entities may wish to obtain assistance from consultants to evaluate proposals.

1. Background

[Include a brief description, context, scope, and objectives of the services. Use about a quarter of a page.]

2. The Selection Process (Prior to Technical Evaluation)

[Elaborate on information provided in Form IIA. Describe briefly the selection process, beginning with the advertising (if required), the Expression of Interest, the establishment of the shortlist, expressions of interest, and withdrawals of firms before proposal submissions. Describe major events that may have affected the timing (delays, complaints from consultants, key correspondence with the Employer, Request for Proposals (RFP), extension of proposal submission date, and so on). Use about one-half to one page.]

3. Technical Evaluation

[Describe briefly the meetings and actions taken by the evaluation committee: formation of a technical evaluation team, outside assistance, evaluation guidelines, justification of Sub-criteria and associated weightings as indicated in the Standard Request for Proposals; and compliance of evaluation with RFP.

Present results of the technical evaluation: scores and the award recommendation.

Highlight strengths and weaknesses of each proposal (most important part of the report).]

a. Sometimes evaluations are made by groups instead of individuals. Each group (e.g., financial group) has a weight. The group score is obtained by the weighted scores of the members of the group. For example, the score of a group of three individuals scoring a, b, and c would be ax + by + cz with x, y, and z representing the respective weights of the members (x + y + z = 1) in this group.
